Fall 2018 Edition

127Legacy Foundation: Making a Difference

November 2018 Mission Trip!

Dr. Ben and Rob flew to Indonesia in November, to spend time with the children and staff of Hope of Nations Children's Home in Sumatra. The purpose of the trip was to see the land we helped them purchase for relocating in a few years, and to work on several other projects while in country. We were joined by Getsemani Baptist of Jakarta's pastor Raymond, and Ron Grimes of Mt. Zion Baptist in Snellville, who was spending a month abroad. We met with the Pastor of Getsemani Pekanbaru and his wife, and visited a day care the Foundation has begun to support there, Getsemani School. We then visited the property that Hope of Nations will eventually relocate to, then visited the children at the home. We stayed for Wednesday night church, and witnessed four

baptisms- three children from HoN that had trusted Christ, and one from the church. It was beautiful, sacred.

The next day we returned with McDonald's Happy Meals, and they enjoyed a treat none had ever tasted before- hamburgers! The plan is for the Pastor of Getsemani Pekanbaru and his family to eventually relocate to the new property, overseeing the first stages of development, and eventually his church and the Getsemani Day Care will move to the site as well, in partnership with Hope of Nations.

Back in the capital, we visited the Baptist Seminary of Jakarta, home to over 80 ministry students, and in

terrible need of renovation and completion. With Getsemani Church and Mt. Zion Baptist, Dr. Ben is raising support to carry out the renovations, along with generous contributions of several in Jakarta. We stayed over Sunday to enjoy worship with the church family of Getsemani, and Rob had opportunity to preach morning and evening, interpreted by a former Indonesian ambassador to the U.N.I

It was a productive trip, accomplishing much for our projects in 2019-20. We appreciate all our supporters back here in the States!

We couldn't have done it without the generous prayers and support from all of you. So with grateful hearts we say, "Thank You."

With Love,
Dr. Ben, Rob, &
